Action Planning & Session Tracker

How to Use This Planner

This planner is based on the GROW model and is designed to be used before, during, and after each coaching session. It helps structure conversations, track progress, and maintain accountability between sessions.

Session Preparation (Before Session)

Complete this section before each coaching session to ensure productive use of time.

- What has happened since our last session?
- What would you like to focus on today?
- What progress have you made on your action items?
- What challenges have come up?
- What is your desired outcome for this session?

GROW Framework (During Session)

Use this framework to structure the coaching conversation:

- GOAL: What do you want to achieve in this session?
- REALITY: What is the current situation? What have you tried so far?
- OPTIONS: What are the possible approaches? What else could you do?
- WILL: What will you commit to? By when? How will you know you have succeeded?

Action Items (After Session)

Record the specific actions you have committed to and review them before the next session.

- Action 1: _____ Deadline: _____
- Action 2: _____ Deadline: _____
- Action 3: _____ Deadline: _____
- What resources do you need?

- What might get in the way?
- How will you hold yourself accountable?
